

# Neil Diamond, The Pot Smoker's Song

La la la  
Pot, pot gimme some pot  
Forget what you are,  
You can be what you're not  
High, high I wanna get high  
You never give it up  
If you give it a try...

La la la la  
(teenage vocals)

La la la  
Pot, pot gimme some pot  
Forget what you are,  
You can be what you're not  
Do, do take a family cruise  
You with your grass,  
Mom and Dad with their booze

Ooo ooo  
La la la la  
(teenage vocals)

La la la  
Pot, pot gimme some pot  
Forget what you are  
You can be what you're not  
Tough, tough the world is so tough  
And when it gets harder,  
You can try stuff ,uh uh  
(teenage vocals)

La la la  
Pot, pot gimme some pot  
Forget what you are,  
You can be what you're not  
Hip, hip you wanna be hip  
You're no one at all  
If you don't take a trip

Pot pot gimme some pot  
Forget what you are,  
You can be what you're not  
Hip, hip you wanna be hip  
You're no one at all  
If you don't take a trip
