

# Neil Finn, Into The Sunset

Here lies the place  
Won't let me languish  
Hear's all my footsteps and waits

Watch how she fades into the sunset  
A vision spectacular in grace

Hunger for the well-travelled  
Stimulating discussion  
Lift me  
Faster into the weakness  
Off the wall into blackness  
Gifted

Red eyes reflect  
Open the suitcase  
Spread all your clothes on the floor  
Much like it was  
Ten years ago  
Time on the clock  
Don't want to waste it

Hunger for the well-travelled stimulating discussion with me  
Faster into weakness  
Off the wall into blackness  
Gifted  
Gifted

Watch how she fades into the sunset  
Vision spectacular in grace

Hunger for the well-travelled stimulating discussion with me  
Faster into weakness  
Off the wall into blackness  
Gifted

And I'm away from home  
And its a way of life  
And I'm flying high  
And I'm a wheeling gull  
Here, now, I come to rest  
Under a lying rock  
Over marine parade  
Maybe this time  
Here, I'll stay
