

Neil, Hello Vegetables

Hello vegetables

This is Neil here, right

Um, look, I, um

I don't want to spoil the whole record for you, right

Before it's even begun

But I just wanted to say

That the whole thing was quite a lot of hassle to make, right

And it didn't turn out like I expected it at all

I mean, for a start there's just much too much technology

And commercial stuff on it, right

And, it's far...

Oh, oh no, here we go.
