Neil, Hello Vegetables

Hello vegetables
This is Neil here, right
Um, look, I, um
I don't want to spoil the whole record for you, right
Before it's even begun
But I just wanted to say
That the whole thing was quite a lot of hassle to make, right
And it didn't turn out like I expected it at all
I mean, for a start there's just much too much technology
And commercial stuff on it, right
And, it's far...
Oh, oh no, here we go.
