

# Neil Sedaka, I Let You Walk Away

I believe that nothing lasts forever  
Promises won't help us stay together  
Life for us was never hearts and flowers my friend  
It seems we couldn't solve life's problems  
Maybe it's because we tried so seldom  
So much must change today  
That I can only hope and pray

Chorus

As I watch you leave the room that I'll see you very soon  
And it's all that I can do to keep from running after you  
And though I wanted you  
I let you walk away  
It's just a simple case of heartache  
My hands begin to tremble and my knees shake  
Somewhere along the line I hope we can make amends  
I believe that nothing lasts forever  
Promises won't help us stay together  
You may come home one day  
Till then I only hope and pray  
As I watch you leave the room that I'll see you very soon  
And it's all that I can do to keep from running after you  
And though I wanted you  
I let you walk away
