

Neil Sedaka, Oh! Carol

(Neil Sedaka and Howard Greenfield)

Oh, Carol, I am but a fool
Darling, I love you tho' you treat me cruel
You hurt me and you made me cry
But if you leave me I will surely die

Darling, there will never be another
'Cause I love you so
Don't ever leave me
Say you'll never go
I will always want you for my sweetheart
No matter what you do
Oh, Carol, I'm so in love with you

[Instrumental Interlude]

Oh, Carol, I am but a fool
Darling I love you tho' you treat me cruel
You hurt me and you made me cry
But if you leave me I will surely die

Darling, there will never be another
'Cause I love you so
Don't ever leave me
Say you'll never go
I will always want you for my sweetheart
No matter what you do
Oh, Carol, I'm so in love with you
