

# Neil Young & Crazy Horse, Blue Eden

Embracing, distorting, supporting, comforting  
Convincing you, consoling you  
Controlling you, destroying you  
All over you

I know someday we'll meet again  
We come and go that way my friend  
It's part of me, it's part of you

You feel invincible, it's just a part of life  
You feel invincible, it's just a part of life
