Neil Young & Crazy Horse, The Price That You P

If you wake up in the morning light Something doesn't seem or know is right Lay back and let your feeling show Come on and let the people know Oh, that's the price that you pay Oh, that's the price that you pay.

Just money Your baby

Now come on boys, Oh, that's the price that you pay

Oh, that's the price that you pay.

Oh, that's the price that you pay Oh, that's the price that you pay.

Bad news is just an excuse Get down and let yourself keep loose Go on and live for tomorrow So much spent today in sorrow Oh, that's the price that you pay Oh, that's the price that you pay.
