## Neil Young, Drive Back

Whatever gets you through the night That's all right with me When it's time to say goodbye I have to make you see

You won't know me I won't call you I won't be there To remind you What you told me When I showed you In the morning Let me know you'll

Drive back to your old town I wanna wake up with no-one around Drive back to your old town.

If somebody
Is haunting your mind
Look in my eyes
Let me hide you
From yourself and
All your old friends
Every good thing
Comes to an end.

Drive back, drive back, drive back.

Drive back to your old town I wanna wake up with no-one around Drive back to your old town.
