

# Neil Young, Peace And Love

Peace and love  
Flying so high  
Peace and love  
Too young to die  
Peace and love  
Now you decide  
Stay for the children  
You don't really want to go  
Can't feel it  
pulling like you did  
Peace and love

Peace and love  
Only a ride  
Strength is gone  
Dying inside  
Tell me now  
What did you find  
Found love in the people  
Livin' in a sacred land  
Found love in the people  
Peace and love

Found love found hate  
Saw my mistake  
Broke walls of pain  
to walk again  
I saw the dream  
I saw the wake  
We shared it all  
But not the take

Peace and love  
Lennon's goodbye  
Over Now  
Living in time  
A broken bell  
A nursery rhyme  
Deserted by heroes  
Strangers in your own land  
No way to deny you  
No way to deny you  
Peace and love

I took it all  
I took the oath  
I took it all  
Til I had most  
I took what's left  
I gave it breath  
I had it all once  
I gave it back
