

Neil Young, Standing In The Light Of Love

I don't wanna get personal
Why have you put me on the spot?
I don't know how you feel
But for me it's getting hard
Swimming in the deep blue sea
Marching in the big parade

All I need is a little shade
Standing in the light of love
Standing in the light of love

Doesn't matter who you are
Or who you're not
All it takes is a little love
To make a handout worth a lot
Swimming in the deep blue sea
Marching in the big parade

All I need is a little shade
Standing in the light of your love
Standing in the light of love

Drowning in the deep blue sea
Drudging in the long parade

All I need is a little shade
Standing in the light of your love
Standing in the light of love

Standing in the light of love
Standing in the light of love
