

Nekromantix, Always And Never

In the wood's at night
oh no it doesn't seem right
no no never go out alone
cause it's always happy for a bone
you must be sure to stay away
if you wanner live,
to see another day
you should always be aware
go challenge faith if you dare

No more forever
always and never

You never know when It shows
but you'll always know
when it is much too late
it is not not looking for a date
you must be sure to stay away
is you wanner live,
to see antoher day
you should always be aware
go challenge faith if you dare
