

Nekromantix, Down In The Swamp

Swamp!

I'm going down down down, down in the swamp

Better turn back around

You can't get free

You'll drown in misery, that swamp

Well I've been running around this swamp so so long

I've seen this swamp take oh so many lives

You better turn around, you can't hide

That fear in your eyes

Well I've been looking around this swamp so many years

Walking around the muddy waters at night

You better turn around, you can't hide

That fear in your eyes
