

Nekromantix, Generation 666

Standing by the alter soaked in sweat
Throwing myself into the unknown
Jesus leaves his crucifix & comes to life
That's when I know I'm not alone

Chorus:

Bargain with devil to achieve my goal
Begging for another fix
She's the drug for me & I'll trade my soul
What the hell I've always been a part
Of Generation 666

She's a goddess a princess of the night
Down the aisle comes my own private witch
I'm a true believer in Heaven and Hell
She's to become my Nekromancin' pyscho bitch
