

# Nekromantix, Hypnotized

She's got style  
She just drives me wild  
She is everything I ever wanted

She has eyes  
So she can hypnotize  
And now I'm being haunted

With her sexy voodoo dance  
She puts me in another trance, oh yeah  
Again she puts me in a trance  
She does her sexy voodoo dance for me  
She's got me hypnotized again

Now her soul, it feels so dark and cold  
It takes my mind eternally  
I'm spilling red  
I feel empty, am I dead  
Like a puppet, she's controlling me
