

Nekromantix, Rocking Reptile

I'm a rocking reptile - I'm tough, I'm mean
So you better watch out
I'm the roughest reptile that you've ever seen
I'll make you scream and shout
I'm the poisoned creep in your horror night
I'll take what I cant get
Don't feel safe when I'm out of sight
I might be in your bed

People they look in my tricky eyes
Telling me I'm looking like a reptile
People believe in my dirty lies
Telling me I'm a real rocking reptile

I got gekko eyes, I'm fast like a snake
And I kill with a poison bite
You better be careful and stay awake
I might visit you tonight
I always claim my property
With a bloody trail of slime
Meet your death and misery

Youre running out of time

People they look in my tricky eyes
Telling me I am looking like a reptile
People believe in my dirty lies
Telling me I'm a real rocking reptile

I'm a rocking reptile - I'm tough, I'm mean
So you better watch out
I'm a roughest reptile that you've ever seen
I'll make you scream and shout
I am the poisoned creep in your horror night
And I will take what I cant get
Don't feel safe when I'm out of sight
I might be in your bed

People they look in my tricky eyes
Telling me I am looking like a reptile
People believe in my dirty lies
Telling me I'm a real rocking reptile
