

# Nekromantix, Survive Or Die

i met her in a bar - it was love at first sight  
i went to bed with her, yeah, the very first night  
tell me the truth doctor, please don't lie  
is it serious - will i survive or will i die

survive or die  
will i survive or will i die  
will i survive or will i die  
will i survive or will i die

she said to me "we don't need no protection"  
i trusted in her words, blinded by her affection  
there is nothing i can do no matter how hard i try  
an angel of death she was, all i can do is cry

survive or die  
will i survive or will i die  
will i survive or will i die  
will i survive or will i die

now, i've got the disease in me, but i don't wanna die  
sitting here, all alone, wondering why it happened to me
