

Nellie McKay, Food

(Chorus)

We're gonna get some food in the house tonight
Get some food in the house tonight
We're gonna get some food in the house tonight
Get some food in the house

For to starve is to hate
Is to kill
Is to sin
Brooo
Better love's on your plate
Get your fill
And dig in
Brooo

(Chorus)

We're gonna get some food in the house tonight
Get some food in the house tonight
We're gonna get some food in the house tonight
Get some food in the house

(Musical interlude)

Hell is strife and confusion
Be frightened or fine
Brooo
Well if life's an illusion
We might as well dine
Brooo

(Chorus)

We're gonna get some food in the house tonight
Get some food in the house tonight
We're gonna get some food in the house tonight
Get some food in the house

We're gonna get some food on the table tonight
Get some food on the table tonight
We're gonna get some food on the table tonight
Get some food in the house

(Piano break)

Well now we're feelin full in the house tonight
Feelin full in the house tonight
Oh yeah we're feelin full in the house tonight
Feelin full in the house

We're gonna go to sleep in the house tonight
Go to sleep in the house tonight
We're gonna go to sleep in the house tonight
Go to sleep in the house
