

Nelly feat. Tim McGraw, I Can Do Better Without

i think of the times that we were down
when we were in love
alot of time has passed us but
you still remain on my mind.. my heart.
i havent seen you since the last time we made love
and now i got another girl who took your place

chorus :
why cant we go back to the times we were together?
why cant i stop thinking about you even though
im not in love with you no more ?
i dont know what to do .. but i know one thing
i can do better without you in my life

As time go by, i think of you over and over
i dont know why i seem to think of you when
i know your not thinking of me no more.
you still got that man who you left me for
and now i got a new girl who reminds me of you

chorus

(bridge)
i just hope that we meet again some day and
become the friends that we should be... but
right now us being friends aint gonna work out

chorus

Even we dont get along or nothing of the sort
.. You'll always be the one who made me smile
through anything -- i love you always
