(Ma\$e)

Yo, Turn the mic up
I haven't been in here in 5 years
And keep the lights on
We got company

(Nelly talking)

Wooooo
Yeeeah
Uh Uh

I don't think they gon' really understand this one right herre man
Not at all, not at all
We got a special guest in the house tonight
Who is that?
But first* Ohhh

(Nelly)

You see nelly ain't the one that'll pay for your phone
N Way you lookin ma
I might just pay for your home
Right through the ceremony give you the throne
Put you somewhere i know birds cant come

I don't wanna be your man boo
I wanna be the one
To get inside your brain
And give you my last name
I swurr I can change
I put that on er'rything
You aint happy while happy wit me boo
Then gimme the blame
Different color ring for erryday of the week
You can go on and set it up for me n pops to meet
Cuz I'ma ask him for you hand
And show that I'm a man
(What if he say that you cant)
I'ma tell him my plans because

(Break)

Me and u we gon have sum fun now
Me and u from sun up to sun down

(Ma\$e)
You cant call me with no money that I never spent
They don't make planes no more to go where I never went
I aint gotta keep sinning to keep spinnin
I prefer pink dice with peach linen
I teach these women what they in this earth for
Search yours, find out you really worth more
I change your esteem
You was made for a king
Do he really love you?
He ain't gave you a ring
I e-raise the hate
That made you mean
Got you 20 lookin' 50
And you only 18
Then ya slate clean
It's not a fake dream
Bye bye hatas
We off for hiatus
