

# Nelly Furtado, Do It

You're standing at the door  
I'm falling to the floor  
You look even better than you did before  
I'm staring at my feet  
Wondering if I can do this  
It's been a while but I couldn't forget you

Just a little look has got me feeling things  
Just a little taste has got me seeing things  
Just a little touch has got me off the chains  
Doing things that I don't want to

Do it like you do it to me (I'm burning up)  
Do it like you do it to me (it's not enough)  
Do it like you do it to me just open up  
Don't you know how much I want you

We're sitting real close and I can feel your breath  
I wanna touch your hand but I lay back  
Cuz you know this thing could sprial in the night  
I've changed my mind I'm ready for you this time

We're sitting real close I can feel your breath  
I wanna touch your hand but I lay back  
We're sitting real close I can feel your breath  
I wanna touch your hand I cannot fight it off
