

# Nelly Furtado, Let My Hair Down

I'm Nelly, I'm Nelly, I'm Nelly, I'm Nelly  
If you want the video  
I'm on your video  
If you want the radio  
I'm on your radio  
Call if you hear me, yo  
I'm Nelly, I'm Nelly, I'm Nelly, I'm Nelly

Baby I wanna let my hair down  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Bring me something that'll make me jump around

Let's flow with this  
Let's get to know with this  
Let's hit the show with this  
Let's fly like a crow with this  
Do you wanna be my revue  
I could be your star even  
Or we could make a little haven  
Tell me what you're craving  
Let's make a dust bowl  
We'll hit it like Rose Bowl  
I do like sports  
But I don't like wearing shorts  
It's ok we could do it in the dark  
If you got a candle let's light a spark  
Everybody looks good in good lighting  
Hey we could do it quick and close our fighting

Baby I wanna let my hair down  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Bring me something that'll make me jump around  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Bring me something that'll make me jump around

Smell it on the mic  
Feel alright  
And you can have a bite  
But not tonight  
You can call me Nico  
Give me something to eat, oh  
I heard you're chickety chic-o  
Like you're staying the week  
Yeah, you like my map  
Yeah, it's all that  
Let's start a frat  
Gimme gimme gimme phat  
You know you like vodka  
You like the way we rock ya  
Hey I'm your amore  
Come here when I call you something dolly

Baby I wanna let my hair down  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Bring me something that'll make me jump around  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Baby I wanna let my hair down  
Bring me something that'll make me jump around

This is my flow (my hair down)  
Thsi is my flow (my hair down)  
[repeat]  
Jumpin' around  
This is my flow [repeat]  
Baby I wanna let my hair down

Bring me something that'll make me jump around
