

Nelly Furtado, Love Bites - feat. Tove Lo, SG Lewis

Go ahead, Go ahead now

Nelly

Go ahead, Go ahead now
One

And you can tell it from your mouth that you
Real good at working with your mouth and me
Not really trying to fuck with my mind and
Good at pretending that you could be mine

Yeah, I can tell it from your mouth that you
You got the devil in your eyes so I'm
Not going to waste all of my time on you
You should know that I can turn on a dime

I want your body all mine
Boy you're looking too fine
The way your love bites
Got me dreamin' 'bout that

Time left your mark on mind
Give me more of that kind
The way your love bites
Got me dreamin' 'bout 'cha

Call Me
Go ahead, Go ahead now
Taste Me
Go ahead, Go ahead now
Want Me
Go ahead, Go ahead now
Need Me
Go ahead, Go ahead now

And you can tell it from the signs you show
That you just wanna put me on your wall
So we're gonna keep on riding this whole wave
Because I know it's written on each page

Help me
I can't tame me
You can try
Connect me with your eyes
Can't even hold me too tight

I want your body all mine
Boy you're looking too fine
The way your love bites
Got me dreamin' 'bout that

Time left your mark on mind
Give me more of that kind
The way your love bites
Got me dreamin' 'bout 'cha

I want your body all mine
Boy you're looking too fine
The way your love bites
Got me dreamin' 'bout that

Time left your mark on mind

Give me more of that kind
The way your love bites
Got me dreamin' 'bout 'cha

Call Me
Go ahead, Go ahead now
Taste Me
Go ahead, Go ahead now
Want Me
Go ahead, Go ahead now
Need Me
Go ahead, Go ahead now
