

# Nelly Furtado, Shit on the radio

You liked me till' you heard my shit on the radio  
Well I hate to say but pop aint' going solo  
You liked me till' you heard my shit on the radio  
But now I'm just too mainstream for you, oh no  
You liked me till' you seen me on your t.v.  
Well if you're so low below then why you watching  
You say good things come to those who wait  
Well I've been waiting a long time for it

[Chorus:]

I remember the days when I was so eager to satisfy you  
And be less then I was just to prove I could walk beside you  
Now that I've flown away I see you've chosen to stay behind me  
And still you curse the day I decided to stay true to myself  
You say your quest is to bring it higher  
Well I never seen change without a fire  
But from your mouth I have seen a lot of burning  
But underneath I think it's a lot of yearning  
Your face, the colours change from green to yellow  
To the point where you can't even say hello  
You tell me you'd kill me if I ever snob you out  
Like that's what you'd expect from me, like that's what I'm about

[Chorus]

[Bridge:]

It's so much easier to stay down there guaranteeing you're cool  
Than to sit up here exposing myself trying to break through  
Than to burn in the spotlight, turn in the spitfire  
Scream without making a sound, be up here and not look down  
because we're all afraid of heights

[Chorus]

Why ya hurt me hurt me hurt me hurt me hurt me hurt me so so,  
leave me down down down down low leave me down da down down da  
down da down down down...shit on the radio... shit on the radio...  
shit on the radio... shit on the radio  
SDR.
