

Nelly Furtado, Something (feat. Nas)

Baby I can give you something,
I know 2 makes ? something
Baby I can give you something,
Baby I can give you something,
I know 2 makes ? something

Can?t have a drink without a well
Can?t fall asleep without a spell
Can?t feel the wind without a kite
Can?t ? without the eyes

When you?re hurt, I?ll make, make you go to ?
I love you anything at all

Baby I can give you something,
I know 2 makes ? something
Baby I can give you something,
Baby I can give you something,
I know 2 makes ? something

Time for the shades on, ? on, shot glass
Fly eyes, pretty smile, plus she got glass
I?ma show you a little something,
But here?s a ? when I slide like?
She?s hot, like liquid metal when
Red carpet and ghetto
Baby I?m nasty Nas, I just had to meet you
Just watch that back with a glass?
