She probably got a man, but I've been wrong befo'

All I know is that she make her knees touch her elbows just to get in a show

I'm startin to think, this how it's supposed to go

Get blowed before we go where we supposed to go

Workin since ninety-fo', I'm supposed to blow

Blow on the dice, before I roll a ten-to-fo'

Rollin Mo-Mos, Optimos, they burn slow

Rollin fo'-do's, sippin Mo' with fo' hoes

I'm a two-triple-0, U-City, gigalo

Duece Duece Bigalow, love a man, Joe Blow

And you should pay me, I'm Super like Nintendo

Make your hands touch the flo', your knees don't bend tho'

In the Benzo, tinted windows, if the bounce is right, the ounce is right

Meet me at my house tonight

(Chorus)

(Nelly)

Now baby girl got a rump on 'er, fo'-do' and a trunk on 'er  
Low miles, no dents, title readin 'one owner'  
Some are wanna-be baller, baby daddies that don't want 'er  
He ain't trippin 'til he see another nigga get on her  
But she a good girl, actin bad when she need be

Turn the lights out, and I'm turnin your wife out  
Same chick you jumped the broom with, throwin the rice out  
Same cat shoppin with rats, throwin the mice out  
I like 'em clumsy mo', just let everything hit the flo'  
Not once, not twice, three times, but fo'  
Each time, makin her knees touchin her elbows
