

Nelly, One by Only

Yooo... we cool right ?

Neahhh... I mean we go back, you know, back before the records, before you went to college and b
ohh... congratulations on that anyway...

But for long time it's been something I need to tell you...

Listen...

You see we've been known each other since we were about this high,

Same elementary, shared the same bus stop,

Even as a youngster I knew your so fly,

Even back then I knowed you were THE ONE,

I watched you grow, I watched your transformation,

Right to school to your coll and occupation,

It took this long to be a man to have this conversation,

But fu** it here we go...

I want you...

To want me...

Girl I need to know that...

I could be your one and only...

I need you,

To need me,

See you were my worst mistake girl,

And that's why...

It's hard to keep my cool when I see you with him,

Coes I really wish that you would right here,

Tell me what should take to win just a piece of your heart...

My only cript in night is you...

That's why anything you'll say I'll do,

So let me stop for a minute take a sec to say...

From <http://6lyrics.com>

Girl you take my breath away...

Away...girl you take my breath away...

You take my breath away, you take my breath away...

They say one's man trash is the next man's treasure,

Or one I find pain and next time I find pleasure,

I wont pay attention to the haters now or never,

I don't give a damn, who is be for me..me...

All that matters is you are with me know,

All I need to know is that you're down,

Man it's something special with about round around ladies, round about baby...

Girl..

I want you...

To want me...

Girl I need to know that...

I could be your one and only...

I need you,

To need me,

See you were my worst mistake girl,

And that's why...

It's hard to keep my cool when I see you with him,

Coes I really wish that you would right here,

Tell me what should take to win just a piece of your heart...

My only cript in night is you...

That's why anything you'll say I'll do,

So let me stop for a minute take a sec to say...

Girl you take my breath away...

Away...girl you take my breath away...

You take my breath away, you take my breath away...

It's like a ??? see you with this guy,

Think in it's myself why the hell it's with that guy,

Why she isn't by my side, we would be so fly,

We would live that life,

The life we used to dream, talked back then,

Back when I used to pull my BMX up along to your swing,

See ??? again,

Funny how faith brought my faim up along side of your Benz

And still...
I want you...
I want you,
To want me...
To want me,
Girl I need to know that...
Hey,
I could be your one and only...
Hey,
I need you,
I need you...
To need me,
To need me girl...
See you were my worst mistake girl,
And that's why...
And that's why,
It's hard to keep my cool when I see you with him,
Coes I really wish that you would right here,
Tell me what should take to win just a piece of your heart...
My only cript in night is you...
That's why anything you'll say I'll do,
So let me stop for a minute take a sec and say...
Girl you take my breath away...
Away...girl you take my breath away...
You take my breath away, you take my breath away...
Yes yoo... I mean,
Like I said... we've been known each other for along time, you've seen me go to... I seen you go to...
Allright...go home safe !
