

# Nelly, Splurge

[Chorus]

You see the magazines and  
Me on your TV screens and  
You think you know me but you really dont (You dont even know)  
But I, I'm feelin good about myself, so I, I splurge a lil' hell  
You see the money and  
The cars and diamonds and you  
You think it make me but it really dont (It really really dont)  
But I, I'm feelin good about myself, so I, I splurge a lil' hell

I think the time has come, for me to have some fun  
I'm bout to peel back the top on y'all and let in the sun  
What the fuck I done done, my mamma's only son  
I went from slangin and bangin to yellin number one  
I love my fans to death, until my last breath  
Thats why when I perform I give until there's nothing left  
No competition, my opposition gonna feel the pain  
More complications, relationships ain't gonna be the same  
Do they walk of fame, and all that it can bring  
If they attracted to Nelly then who like Cornell Haynes  
Im poppin collars from California to D.C.  
Im in the VIP, Louis bottles and Hennessey  
Im putting mileage on 20 inches and 23's  
Im flippin out my keys, I'm flippin down the screens  
Im bout to spread my wings, tryin to fulfill my dreams  
With anything that I want, if I dont I got the means

[Chorus]

You think you know me but you really dont know  
Peep I could walk through the club like everything be fo sho  
And I'll get, one lil' girl, two lil' girls tryin yo get me to dance,  
I'll get, three lil' girls, four lil' girls pullin at my pants, damn  
It feels good when errthing is okay  
And its a beautiful site when errthing goes your way  
And I could park in the mountains and i'll still get valet  
Hop out in a Vokal valour and my suede Bally's  
Im feeling good its only right I deserve  
To spread the love through all my peeps, its only right that I splurge  
And any nigga trippin now I leave him right by the curb  
And I dont go to sleep mama so good night and good word  
Im on a mission and its sort a like a mystery  
And I aint stopping til' I go down in history  
Now who ever said you knows, you dealing with a pimp fo sho  
The N-E double L-Y follow now, now here we go

[Chorus]

You read the magazines, and heard I made a scene  
Believe it or not, I swear I'm just a human being  
Im doing human things, cuz only humans change  
They label me a role model cuz i appeal to teens  
It really ain't that strange, now that I think about it  
I came up in the game, changed everything about it  
Im feelin better then ever without that Lotto shit  
I wait up early hit Cuda, like lets go by some shit  
You dress the hottest fits, driven the hottest whips  
We've got the baddest chicks, we with the whitest kicks  
Donating money to families caught in Bin Laden shit  
They screaming war, I'm like fuck it, go buy a battleship  
And bring it up that Mississipi, if you really wanna come than get me  
Tell them niggaz that a, don't tempt me  
Cuz I'll squeeze them shits til' empty  
Throw shouts at nigga like frisbee

Who the juice? How the hell you gonna pimp me?  
You niggaz must be kidding me, make an innocent nigga plead guilty.

[Chorus x2]
