

# Nelson, After The Rain '95

Look in the mirror girl, by now you should know  
You're living in a fantasy, and you can't let go  
He never really loved you from the start  
The only thing he ever gave you was a broken heart  
Don't be afraid to lose what was never meant to be

After the rain washes away the tears  
And all the pain  
Only after the rain  
Can you live again

I know the emptiness you feel inside  
You're thinking if you break away, you'll never survive  
I'm waiting as my heart beats just for you  
Come on and take my hand and I'll pull you through  
But things will never change until you want them to

After the rain washes away the tears  
And all the pain  
Only after the rain  
Can you live again  
After the rain  
You'll see the sun appear to light the way  
Only after the rain  
Can you hope to find true love again

He never really loved you from the start  
The only thing he ever gave you was a broken heart  
Come on and take my hand and I'll pull you through  
You know the time has come for you to face the truth

After the rain washes away the tears  
And all the pain  
Only after the rain  
Can you live again  
After the rain  
You'll see the sun appear to light the way  
Only after the rain  
Can you hope to find true love again  
After the rain
