

Nelson, Will You Love Me?

I always will remember- those sultry desert nights
(Our) hearts burning with a passion- whoa, it's never felt so
Right
It was meant to last forever- but when I reached out you were
Gone
It's taken time to mend this broken heart and forget you done me
Wrong

Break:

Now you're back after all this time
You've reawakened all the feelings that I've tried so hard to
Hide- but baby-

Chorus:

Will you love me like you loved me yesterday?
That's all I need to know
Will you love me like you loved me yesterday?
Or will you just let me go?
We could leave the pain behind us- take a shot at love again-
We could fool ourselves believing that our love would never end-
I've been missing you- whoa- what should I do?
Did you really have a change of heart or are you playing me for a
Fool?

Break:

You don't have to tell me where you've been
But there is one thing I've gotta know before I let you in- baby-

Chorus
