

# Nelson, Won't Walk Away

Though I try, I can't decide  
Won't walk away, walk away from you  
Whoa, from you

The tears pour down in the nights spent awake  
Salvation in sleep always seems to escape  
I look down at your picture in pieces thrown across my room  
The future was hidden in the cards we were dealt  
How could you cheat on the love that I felt?  
I sink my head in my pillow, confused about what I'll do about you

Chorus:  
Though I try, I can't decide  
Won't walk away, walk away from you  
Whoa, from you  
Can't you see what you mean to me  
Won't walk away, walk away from you  
Whoa, from you

I can't see an end to the pain that I'm in  
The alibis you handed me seemed mighty thin  
Clear the lump from my throat, read your letter just one more time  
I haven't been asleep for a week 'cause it seems  
That I can't close my eyes, you're there in my dreams  
I throw your number in the trash, confused about what I'll do about you

Chorus

Addicted to your love like a martyr is to pain  
Like a sinner craves a vice and a drug need a vein  
Am I giving you the blade and begging you to run me through?  
Well, I'm the type of man who believes in the fight  
I know what is wrong and I'd die for what's right  
I'll make you understand if it's the last thing I do  
Whoa, that I love you

Chorus

No, I just can't walk away, walk away from you  
Though I try, I just can't walk away, walk away from you  
No, I just can't walk away, (I just can't walk away)  
Walk away from you  
Though I try, (yeah) I just can't walk away  
I can't eat, I can't sleep, I can't live without you by my side now, babe
