

# Neocolours, Hold On

Hey, baby, how's life been movin' on?  
I can't deny it, now you are gone  
This is the first time  
Can I make it through?  
Without you now, do the things I used to do

It's getting harder to ease the pain  
The feeling changes, love still remains  
I don't know how if I can get this right  
Maybe given time  
I'll make the most of what I've got

## REFRAIN:

Is this the price we pay  
With all the good times we shared  
Faithfully, we've got a reason to go on  
I know it's good to be true  
Just spend the nights with you  
Let me tell you that our love can make it through

## CHORUS:

Hold on, baby hold on  
We've got to go on now  
This feeling so strong  
Hold on, baby hold on  
It's a burning desire  
Comin' right down the wire

Sweet talking it's all in the line  
There's no turning back  
Unless you make up your mind  
The expectations after all of these years  
Risn' to the moment let's forget all our fears

## REFRAIN:

Is this the love we have  
With all the good times we shared  
Faithfully, we've got a reason to go on  
I know it's good to be true  
Just spend the nights with you  
Let me tell you that our love can make it through

## CHORUS:

Hold on, baby hold on  
We've got to go on now  
This feeling so strong  
Hold on, baby hold on  
It's a burning desire  
Comin' right down the wire

## BRIDGE:

And when the night is over  
Well, no one can deny it  
Got to believe in  
We couldn't ask for more  
Than to hold each other tight  
It's just we'll never take things for granted

## CHORUS:

Hold on, baby hold on  
We've got to go on now  
This feeling so strong  
Hold on, baby hold on  
It's a burning desire

Comin' right down the wire  
Hold on, baby hold on (hold on)  
We've got to go on now  
(You can hold on to me while I hold on to you...)  
Hold on, baby hold on... (hold on)
