Neocolours, Until The End Of Time

"until the end of time"

chorus:

i keep on saying to you
i keep on telling you
that i love you so
and i want you to know
oh, please believe what i say
i promise you i will stay
i'll be here for you my love
until the end of time

I

i don't wanna see you cry
i know wanna say goodbye
i don't want to hurt you babe
'coz i know that i care for you my love
and i knew it from the start
