

Neon Horse, Horsey

My little bug-eyed baby
Don't understand and you're never gonna
I'm slightly absurd but not crazy
Couldn't be more bored of your same old, same old

A horse don't care, he just needs and feels
Stop trying to free me
The horse don't care, it hurts 'cause you know it's true
The horse don't care but you do

You ain't pretty in pink, you're kinda scary
Wrong side of the tracks never looked so good
So keep your cool keys
Mary, Mary
I wouldn't love them doors if I thought I could

Oh, contrary
Keep you cool keys, Mary, Mary
