

Nerd Of The Rings, Precious by Gollum (a 'Peaches' parody)

This is for our one and only true love...

Precious, you're quite cool
together we catch fishes
and goblins too
precious... understands
we're going to loves you
to the very end

precious, precious, precious
precious, precious

we loves you
oh...

precious, precious, precious
precious, precious

we loves you

Gollum
Frodo, Sam, and a Dark Lord too
a thousand filthy Orcses
couldn't keep us from you

precious, even into fire...
our love will never tire. oh...

precious, precious, precious
precious, precious

we loves you

Gollum, Gollum

precious, precious, precious
