

Nerdie, What If

When you're gone I feel an empty place inside of me,
When you're gone I cry myself to sleep every night,
When you're gone I hope that you will never forget me,
and my love will be with you every step of you way

As I lay on this cold floor,
in this huge room without you,
I try to remember how it feels
to have your warm arms wrapped around me,
and I hope you know that I could never forget you,
and your love will be with me every step of the way.

I need you, I miss you so much I miss you.

But what if I'm something you can't have
can't have can't be with you,
but what if I began to break I will fall down like you,
I will break down, will fall down,
but what if I'm something you can't have can't be with you
