

# Nerf Herder, 2nd Best

Lately, my insecurity has got me paralyzed  
Look in the mirror, It's getting clearer.  
I've got those Ed McMahon eyes.  
Feelin' humble, just like Barney Rubble  
like I'm just a part of someone else's show.  
Don't wanna be the guy who has to die,  
in the middle of a Star Trek episode.

I don't wanna go on like Frank Stallone...  
Don't wanna be second best  
I don't wanna be your second best  
I don't wanna be your second best

I go to parties, trying to be smart  
With practiced lines, I try to show some wit.  
No matter how I say it, nobody takes the bait  
And I end up in the corner eating chips.  
Don't wanna go through life with my rolling 25  
Always playing second fiddle to the man  
Why can't I be the best? Not like all the rest.  
Not the professor, I am Mary Ann.

I don't wanna be like Andrew Wrigley  
Don't wanna be second best  
I don't wanna be your second best  
I don't wanna be your second best  
I don't wanna go on like Don Oates  
Just second best.

Everytime I turn around, I'm Art Garfunkel out.  
Don't wanna be Second Best
