

# Nerf Herder, Defending The Faith

Long ago, we watched the videos  
On Headbanger's Ball  
That's where we learned it all

Wearing Spandex pants  
Six-string Lasers in their hands  
Synchronised Guitars  
They layed out the master plan, yeah...

Defending the faith  
Keep fighting forever  
Fight so hard. Fight so long.  
Victory will be ours.

Defending the faith  
We'll never surrender  
Fight so hard. Fight so long.  
Victory will be ours.

Sitting on our bed  
Hair helmets on our heads.  
We've got no time for chicks  
We're practicing our licks.

We come from Albany  
Anchorage, and Milwaukee  
To lead a rolling team  
All wanting the same creed

Defending the faith  
Keep fighting forever.  
Fight so hard. Fight so long.  
Victory will be ours.

Defending the faith.  
We'll never surrender.  
Fight so hard. Fight so long.  
Victory will be ours.

Now I'm a man.  
I'm playing in band.  
We drive around the world  
In our rental van

We're coming to your town  
To help you party down  
But we'll be gone tommorrow night  
Because we'll never stop the fight  
yeah...  
aaaaaaaa....

Defending the faith  
Keep fighting forever.  
Fight so hard. Fight so long.  
Victory will be ours.

Defending the faith.  
We'll never surrender.  
Fighting so long. Fighting so hard.  
Victory will be ours.
