

# Nerf Herder, Santa Has A Mullet

Santa's got a mullet and he's coming christmas eve  
Santa's got a mullet, he's bringing gifts for you and me  
Frosty's got a stovepipe hat  
And rudolph's nose is red  
Santa's got a mullet  
Sitting on his head.

Santa's got a mullet, keep on looking out for him  
Driving in his hotrod, with the killer rims  
Santa's got a mullet  
As he's streaking through the night  
Jamming to Foghat  
And drinkings Coor's Light

Singing Fa la la la...  
Singing Fa la la la...

Angels up in heaven are plucking on their harps,  
Santa's wearing Oakleys, and he's looking mighty sharp  
Santa's got a mullet, and presents for all of ya  
I thought he was from the Northpole but he must be from Canada  
Oh yeah Santa's coming, don't you worry, he won't be long  
Santa's got a mullet  
Santa's got  
Yeah Santa's got  
Santa's got... a schlong
