

# Nerf Herder, You're Gonna Be The One Who's Sorry

Got a new job at a radio station  
But that won't help you at all  
40,000 watts of maximum rock  
But that won't help you at all  
You think you've got everything but I've got news for you  
You're gonna be the one who's sorry (x3)

You got a new girlfriend, a bitchin' new girlfriend  
But she won't help you at all  
Certified with the scene, she's a local rock queen  
But that won't help you at all  
You think that you've got it made but you've made one mistake  
You're gonna be the one who's sorry (x3)

The free paper calls you a local celebrity  
But that won't help you at all  
You're such a big big deal you get in the clubs for free  
But that won't help you at all  
You think you've got everything but I've got news for you  
You're gonna be the one who's sorry (x5)
