

Nessa Barrett, club heaven

You always liked an afterparty
So I guess I should've known
Say we hate the paparazzi
Now you're somewhere they can't go

I hope you know I'm sorry
That I'm not with you right now
Can't pick up when you call me
Can't hear it through the clouds

I've been waiting right outside
been trying to bribe the bouncer
He says not tonight

I hope you're dancing in club heaven
Smoking some bluejay with your legends
I bet you're up in the VIP raising some hell for me
Until I get in.. To club heaven

The musics never stopping
And the lights never turn on
The saints are all on molly
And you're talking shit with god

Im searching for your halo
Cause I'm not having fun
In a city full of angels
Thats missing the best one

I wish I could cut the line
been trying to bribe the bouncer
He says not tonight

I hope you're dancing in club heaven
Smoking some bluejay with your legends
I bet you're up in the VIP raising some hell for me
Until I get in.. To club heaven

What if i can't get in
How will i see you again
What if i can't get in
How will i see you again
See you again
