

# Nessa Barrett, i wanna die

You're my Jesus, you're my God  
The one before was just a fraud  
He shut me in a tiny box  
And told me I was hard to love

I wake up at night, screaming  
I'm scared to shut my eyes, demons  
But with your arms around me, I'm as safe as can be  
Never been this happy, so

I wanna die when you kiss me slowly  
I'd be just fine if my blood stopped flowing  
My, oh, my, I'm terrified  
I know the rest of my life won't compare to these nights with you  
I wanna die when you touch my body  
Every time you stop, my skin starts crawling  
My, oh, my, you made my life  
So, someone better read my rights  
I wanna die, yeah, yeah  
I wanna die, yeah, yeah  
I wanna die, yeah, yeah  
I wanna die, I wanna die

Oh, you saved me from a straight up crisis  
Wanna drink you like wine, Dionysos  
Everybody in my life got prices  
Too high to pay, uh-oh

I still wake up at night, screaming  
I'm scared to shut my eyes, demons  
But with your arms around me, I'm as safe as can be  
Never been this happy, so

I wanna die when you kiss me slowly  
I'd be just fine if my blood stopped flowing  
My, oh, my, I'm terrified  
I know the rest of my life won't compare to these nights with you  
I wanna die when you touch my body  
Every time you stop, my skin starts crawling  
My, oh, my, you made my life  
So, someone better read my rights  
I wanna die, yeah, yeah  
I wanna die, yeah, yeah  
I wanna die, yeah, yeah  
I wanna die, I wanna die

I wanna die  
I wanna die  
I wanna die, I wanna die
