

Netta, I Love My Nails

I, I love my nails
I, I love my nails
Pretty hands, scratch your back
They give you chills
Koochi koochi koo
I love my nails

I've wasted my tears getting over you
I've been diving down deep into the blue
I've been diving down deep into the blue
(Aaa aaa aaa aaa)

Stupidly wasted the peak of my prime on you
You will never love me like I love you
You will never love me like I love you
(Aaa aaa)

Baby I don't care cause
I, I love my nails
I, I love my nails
Oh my god can't stop looking at myself
I don't know 'bout you
I love my nails

I, I love my nails
I, I love my nails
Pretty hands, scratch your back
They give you chills
Koochi koochi koo
I love my nails

So sad I'm drowning in desire I could start a fire
But you will never come for me honey
You will never come for me honey
(Aaa aaa aaa aaa)

Down where my fears and my doubts only piling up
I'm fearing feeling all alone
I'm fearing feeling all alone
(Aaa aaa)

Baby I don't care 'cause
I, I love my nails
I, I love my nails
Oh my god can't stop looking at myself
I don't know bout you

I, I love my nails
I, I love my nails
Pretty hands, scratch your back
They give you chills
Koochi koochi koo
I love my nails

Thought you were the sunlight
But now I know it's in me
I don't wanna love ya
I don't wanna love ya
Wash you out with water
Baby
I love my nails

I, I love my nails
I don't wanna love you or nobody else

Koochi koochi koo
I love my nails
