Network, Supermodel Robots

Not quite a fembot But almost an alien She's in the smell of the month club I feel it in my lungs

Lesbian junkie funky Slam dunk a cosmonaut With laser guns and having fun Biological parking lot

All systems down

So titty-twist a mad scientist Oh is this the toxic ride Wrap me up in a plastic bag And hang me out to dry

Artificial respiration I need my medication Load me up and light a match All systems down and out

It's down and out
