

# Network, Transistors Gone Wild

This is age of make-believe  
Or a reality series  
Television, murder city  
Dreaming of tomorrow  
Am I alive or fantasy?

Give me murder give me loss  
Turn the cities into dust man

My brain is melting  
And it smells like a volcano

Japanimation surgery  
Drinking nuclear energy  
Reservoir spewing toxic

Shout!  
There's no tomorrow  
Drinking nuclear energy

Give me murder give me loss  
Turn the cities into dust man

My brain is melting  
And it smells like a volcano

Give me murder give me loss
