

Neuraxis, Truth Beyond Recognition

Rise... The power that gives a meaning to life.
Deep... So strong that you can't deny.
Blind all the facts and treasures into the immense void of confusion.
Creating a vast panel of emotions.

Unlock the subconscious memories, but we're not yet there...
... As we travel through mystery... There's a reason.

Enhance the vision full of nostalgia with fierce and raw sentiments.
Showing the true meaning of devotion.

Can you hear ?
Can you smell ?
Can you see ?

Can you cry ?
Can you laugh ?
Can you feel ?

Knowing misery as a common ally where true pleasures have
no place...no place... no place.

Surprised when the phenomenon surfaces.
Physical reactions... Touched...
A tear is extracted.
Close your eyes, let your mind flow through the stream of life.

Thoughts invaded with precious moments,
compiled and compressed in flash.
Truth beyond recognition
