

# Neutral Milk Hotel, Say Goodnight

Say goodnight  
Like a ship at sea  
And walk away  
From a world that does not believe  
Say- say goodnight  
And open up your arms  
It's a beautiful life  
And I'm sitting in a jar  
So what was me, I do believe  
That my pants are all rolled up  
And I think it's time  
I gave up my sanity

Good and good for ya, cause it's made with milk
