

Neva Dinova, I've Got A Feeling

i can't stand this anymore
when you scratch where you lay
there is nothing there
and i don't give a fuck

you can't hurt me anymore
chope off me arm
there's a hole in my heart
and i don't give a fuck

everyone i love
everyne i trust
what's going to happen to all of us?

seems like i've done something wrong
well, let that punishment come
hide the sun
i don't give a fuck

scratching my nuts right at god
on second thought
there is no-one there
and i don't give a fuck

chope off me arm
there's a hole in my heart
i don't give a fuck

what is this world without pain?
ain't a god damn thing
just a rock flaoiting
through the universe

the world is a shitty place and i can't wait to die

(just kidding world, you know i love you)
