

Neva Dinova, Love From Below

It's so hard hard hard
It's so hard hard hard
It's so hard to love your body from the ground

Got my foot on the gas
I'm cruising around
I'm looking for something
Something to find
I've got an attitude
I can't shake it
Think I'm the strongest
Think I can make it

It's so hard hard hard
It's so hard hard hard
It's so hard to love your body from the ground

Got both shoes on
I'm breaking a sweat
I'm walking through traffic
Like I'm a prophet
There's no one to stop it
Soon as the rain calls
I slip on a shadow
I'm siccing my brain on

It's so hard hard hard
It's so hard hard hard
It's so hard to love your body from the ground

It's so hard hard hard
It's so hard hard hard
It's so hard to love your body from the ground
