

# Never Heard Of It, Last Letter Read

I erased your name  
Pictures all thrown away  
Its easier this way

Things were good  
I never should have been so scared  
To be so happy  
Never thought I could  
I would have never thought  
Id feel this way

Are you my friend  
To me I lost my friend  
I did and said some things  
It wasnt fair  
Youre the text inside my book  
That isnt there anymore  
Are you my friend

I listened to that CD  
Read those letters one last time  
Remember when wed drive to San Diego  
We would laugh Id hold your hand  
And we would stay those nights  
Did you ever think I would say

Are you my friend  
To me I lost my friend  
I did and said some things  
That Id regret  
Im the lyrics on the black CD  
Youll get from me  
To you my friend

I called you yesterday  
I called you like a month ago  
To say Im sorry  
The times I talked to you before that time  
It never was you

Are you my friend  
To me I lost my friend  
I did and said some things  
It wasnt fair  
Youre the text inside my book  
That isnt there anymore  
Are you my friend  
To me I lost my friend  
I did and said some things  
That Id regret  
Im the lyrics on the black CD  
Youll get from me  
To you my friend
